October Monthly Report

Let me begin this report with what is going on in our department. October is one of the busiest months for us. We have both garages in one, including all four seasons of equipment inside. It's important we prepare for the winter. General maintenance and repair for our trucks, plows and equipment is difficult with an overflowing inventory. We are going to begin processing salt brine soon! All deicing chemicals for our sidewalks and streets are in stock.

It is important we continue cutting the grass. This must be done before painting the soccer and football fields each week till the end of November. All buildings and grounds must also be kept up.

We must continue cleaning borough buildings. The library has doubled in size and requires more maintenance. The triplex and borough hall floors need stripping and waxing. This public image issue cannot be fulfilled at this time.

Dumping garbage cans and litter pick up is also very important and must be done every week. This used to take an hour and a half and now takes 4 to 5 hours with two men due to the on street parking on Livingston St. and the ongoing sports on our fields and grounds with bathroom cleaning included has contributed extended maintenance.

Most of the new trucks and equipment are ready to go. The newest Mack is scheduled for LED lights, graphics, and communication radio installation.

Leaf collection is the priority operation of the fall season. This job task is one of our most difficult, parked cars are always in the way, branches are in or to near the leaf piles, the weather doesn't cooperate and especially having two men out on injury leave doesn't help. But we are doing the best we can. Job security is good you say – we have far exceeded that.

The town is growing and moving forward requiring more maintenance. With a full staff we cannot keep up with the entire job tasks completely, but again we are doing the best we can. I hope in the New Year to come our staff can be increased to provide the service needed for the demands of our growing community.

Job tasks completed this month

First of the month's inspections and documentations

All roadside brush was collected, and is now suspended until the end of leaf collection.

Many unreported electronics were left curbside. This looked awful, so they were removed and recycled.

I had multiple complaints from motorists about the overgrowing weeds on Railroad Ave. Because of parked cars on one side and overgrowth of weeds on the other, there were a few near miss accidents. We lost our roadside cutter in the fire so the weeds were pushed back with a tractor. The residents that live on the street complained that it didn't look so nice; I had explained that it was a safety issue and had to be done. I apologized and cleaned up the best we could.

4,000 lbs. of sewage and grease was removed from Brook St. pump station and was disposed of at the BCUA in Little Ferry. Pump station maintenance continue.

We completed the final fertilizing applications on all our parks and grounds until next year.

All seasonal water meters are scheduled for removal in late November after sports are concluded.

All irrigation systems have been winterized.

The memorial park fountain was also winterized.

Christmas decorations for Livingston St. have been ordered and received.

One salt spreader is operational on truck 383 (Peterbilt) waiting for parts on another. The arrival of the new Mack will be in early November complete with sander and plow.

Our department had leaf collection safety training prior to leaf collection.

We have organized and coordinated with the police dept. everything to insure a safe 5 K run event.

Work not completed

Pot hole repairs on Clinton St. in the entrance to Holy Family.

Repairs to the Library soffit – missing panels.

Light bulb replacement Lighting for Kennedy Park, is scheduled for November. Mark Plescia will be helping us.

Vehicle and equipment washing

Sewer maintenance, trouble areas, mains, visual inspections.

Storm basin cleaning, storm basin repairs, infrastructure pipe cleaning.

Road sweeping, storm water program.

Livingston St. scape signage installation.

Tree removals and tree trimming.

Supervisor's comments

Why is the DPW installing signs for the Livingston St. project and not the contractor?

Verizon, PSEG, United Water, O&R all pay the borough of Norwood for traffic control, however the public works spends many hours loading and unloading to set up detours, barricades, cones in many locations for just one traffic control, and to come back the next day to pick them all up, unload and put them all away. The Borough should bill them extra for this service.

Residents should receive stickers or some kind of identifiers for their posters or yard sale signs when getting a permit. This would be a great help when we see them to know if they are permissible.
