Mrs. Kleinlaut said she was hopeful that the Club will continue to receive their support.

**General Public Comment Continued:**

Mr. Dominick Congiusti, President Norwood Fire Company No. 1 informed that he met last week with members of the Zoning Board of Adjustment to discuss various issues that the Fire Department had with the way the Board has treated them in regard to recent applications. He said that 80% of the issues were addressed. Mr. Congiusti questioned the screening process for determining an expert witness. He explained the review process that the Fire Department takes when reviewing an application and which members (former Chiefs) do the review and make the recommendations. There was a lengthy discussion regarding the Zoning Board of Adjustment and the way they conduct themselves during the application process. Some members of the governing body expressed their displeasure with the Board's decision to grant a use variance to an applicant to allow for the construction of commercial and residential units on Livingston Street. Councilmen Brizzolara and Marino said they felt it would be better to combine the planning and zoning boards into one board and requested that this be discussed at the next work session. Mayor Barsa instructed Mr. Fede to contact Mr. Conte, Zoning Board Attorney to review their processes.

## July Monthly Report

### July begins with a bang!

Preparing for our Independence Day celebration at Kennedy Park consumed many days to beautify our parks and grounds. The event was wonderful including the concert. The cleanup took a little longer than expected due to the amount of people that showed up.

The heat and lack of rain brings extra attention to maintain the flowers and fountain on Livingston St. Watering twice a day has become necessary.

There have been many weekend concert events that went well. I was not able to attend, but heard with a better choice of music entertainment the series of shows should have a better turnout.

At Cobblestone crossing, O&R contractors did a fantastic job milling and paving the roads that were trenched bring them back better than original condition.

High, Summit and Hemlock have all been patched including some storm basin repairs in preparation of micro paving. Crack sealing will begin the 1<sup>st</sup> week of August. Micro paving will start at the end of August to give the Dercole project time for utility tie-ins prior to micro paving on Summit St.

The construction of the new DPW garage is going well. All utilities have been extended. Concrete floor was installed August 7<sup>th</sup>. Ballard install will also begin in August.

We had a JIFF environmental inspection for our spill prevention plan, underground storage tank and leak detection system. We did well. The only infraction was batteries left outside on a pallet that was moved to work on the utility installation for the DPW garage. This was unavoidable and has been remedied.

We also had an OSHA state inspection for our Right To Know program. I'm proud to say that thanks to my men and their hard work, we passed with flying colors. Norwood DPW was the only Public Works garage to pass in Bergen County on the first visit.

At 6 Windsor Court, there is an unoccupied home that the residents have complained about. We promptly secured the home from anyone entering. I then met with the new landscaper and had the police present to assure the residents that the property would be maintained to satisfying conditions. The residents spoke with me and were very pleased something was being done.

The new part time employees have started and are learning the ins and outs of the DPW. We are starting to catch up on tasks that have been neglected. There is one issue that I have. When I assign them daily duties like chipping or cutting grass and then they leave at their scheduled time of 12:00pm. I have to pull another guy off a job to complete the task until the next day.

Our Mack Hook lift container was damaged when we were removing the stumps from the new DPW garage site. These tree stumps were very large and heavy and when dumping the load the container door hinge was damaged. Westphal container services on Jay St. extended their services and repaired the container free of charge.

Looking forward, we are working on the capital item list. On the list is a blacktop roller to replace the one that we lost in the fire. We are also doing shared purchase with Old Tappan for a HotBox trailer. We have two items left which are the salt spreader for truck #391 and a leaf machine.

August will also be spent repairing much of our leaf machine equipment in preparation for picking up leaves in October.

All first of the month inspections and documentations have been completed.

We have been assisting the Boy Scouts with their library beautification project. We supplied them with extra paver stones that were not being used as well as sand and dirt. All is going well with the project. We will be there to help with suggestions and guidance to assure a safe and beautiful seating area

Lastly, in the month of August, we will be restriping roads and the remainder of the potholes will be completed.
